

QUICK*CUSTOM*

Customized products and kits
delivered quickly

EXACTLY WHAT YOU WANT

QUICKCUSTOM

When one-size-fits-all doesn't fit your unique challenges, you need custom tailored support. Extensive training and a dedicated production team, plus a fine-tuned process, ensure you quickly and conveniently get a custom solution.

QuickCustom services:

- Comprehensive **Product Development Request⁺** to capture all the necessary requirements
- Digital **Process Guide⁺** to clearly define the steps from first contact through delivery
- Custom products and specialized kits 100% Assembled in the USA
- Harnesses, lanyards, bags and kits configured precisely to fit your needs with optional branding
- **Program FAQ⁺** to address frequently asked questions from our customers

Speak with your regional sales manager directly to discuss specific solution options.

⁺ Supporting documents available by request

PRECISION BUILD SHEETS

QUICKCUSTOM

Each Safewaze product – stock and custom – requires a precision build sheet.

These proprietary internal documents guide the production and inspection process to ensure consistency and compliance with our rigorous quality standard.
