Innovative **AND** Affordable

This harness packs a one-two punch!

Check out the integrated SRL channel that reduces SRL-P impact plus molded padding that moves comfortably with you. See just how much more you can get in an economy harness!

1 Comfortable, Durable Padding:

Fixed yet flexible pads offer a breathable design to improve air flow plus they are moisture and bacteria resistant.

2 Breakaway Lanyard Keepers:

Low profile design for comfort with split D-rings that hold securely yet release as needed for safety without breaking, keeping the harness compliant.

3 Effortless Adjustability:

This specially engineered webbing slides easily through the hardware making proper fit a breeze.

4 Integrated SRL Channel:

An exclusive design secures your SRL-P with less movement, decreasing long-term strain while providing easy day-to-day attachment.

5 Consolidated Sizing:

More diverse range per harness without sacrificing individual fit - plus exposed labels provide easy visibility.

6 Corrosion Resistant:

Double coated steel hardware and stainless steel grommets last longer under job site conditions to extend harness life.

V-SELECT

The “V” stands for Value – and Versatility:

With twelve models, you can choose the construction, full body or crossover design with the hardware style and D-rings you need.
