

# SAFEWAZE

## EDUCATION & TRAINING

Safety is a critical investment for workers at height. Safewaze makes it easy to keep your team engaged with education and training from the ground up. Our dedicated experts offer multiple ways to stay safe, delivering exactly what you need, whenever and wherever you need it – on your job site or at our new state-of-the-art testing and training lab.

### SAFEWAZE ACADEMY: Next-Level Fall Protection Experience

- **Immersive Learning:** Each course is an all-in experience combining lecture and hands-on modules both on the ground and at height.
- **Top-Notch Environment:** Facilities include a comfortable classroom with advanced audio-visual capability – plus our 4-story, 4,000 sq. ft. testing and training lab.
- **Expert Instruction:** Taught by Becky Danielson, Training Director, a dedicated training professional with 20 years of work-at-height experience.
- **Diverse Offerings:** Current courses include Authorized Person, Enhanced Authorized Person, Competent Person, Competent Person Trainer and Industrial Rescuer with more being added based on need.
- **Accredited:** Certificate and wallet card upon completion.
- **Refresher Courses:** Recertifications available.
- **Private Options:** Ask about custom courses .
- **Timing & Fees:** Courses scheduled in advance and charged per student depending on course.
