

UPDATED 4-PERSON ROPE HLL

Now with Enhanced Tensioning -
Setup in a Third of the Time

Built for efficiency and reliability, the 4-Person Rope HLL features an upgraded ergonomic tensioner that tightens faster, stays secure and eliminates excess rope slack for safer horizontal lifeline setups.

- **Upgraded ergonomic rope tensioner** — faster setup and easier tensioning
- **4-Person system** — supports multiple users with independent mobility
- **Rugged double-braid rope** — built for long-term durability
- **Integrated energy absorber** — reduces forces during fall arrest and to structure
- **Tool-free installation** — setup in a third of the time of traditional HLLs
- **Includes (2) 6' cross-arm straps, (4) O-rings, and (2) carabiners**

Available with new tensioner immediately:

019-8012: 30' length

019-8014: 80' length

60' and 100' lengths transitioning as inventory is depleted.
