Premium Confined Space Systems

NOW STOCKING PRODUCT
in Concord, NC

INTRODUCING XTIRPA

PREMIUM CONFINED SPACE SYSTEMS NOW AVAILABLE FROM SAFEWAZE

OUR NEW LINE

Safewaze is proud to introduce Xtirpa modular confined space systems as our premium line for confined space. As your most responsive partner in fall protection, we understand the difficult yet critical need for safety when entering, exiting and working within confined spaces. Further, we recognize that all job sites are unique with different needs. Xtirpa systems offer expandable solutions for fall arrest, rescue and retrieval as the perfect complement to our existing line of confined space equipment.

To continue providing the responsive service that sets us apart, Safewaze is now stocking a range of core products in Concord, NC with a fully trained sales and technical staff to support the U.S. market. Additionally, we are able to offer integrated access to the entire product line manufactured in Quebec to provide our customers with more expedient access to these premium systems.

THE XTIRPA ADVANTAGE

The Xtirpa brand is recognized as the best in the confined space market, well-known globally for its lightweight, high-quality equipment. Made from aircraft-grade aluminum, Xtirpa products deliver long-lasting durability with utmost versatility. These configurable systems have reinvented the approach to confined space with advanced manufacturing, world-class training and revolutionary design.

With a focused goal on safety in confined space, the Xtirpa line delivers lightweight, portable, expandable systems for both conventional and unconventional confined space situations with horizontal and vertical entry across a range of industries. Together, Safewaze and Xtirpa combine to offer the most responsive service and maintain the highest levels of safety for confined space crews.

INDUSTRIES

XTIRPA systems support America's trade professionals wherever they work.

- » Food Processing
- » Metal Refining
- » Energy Production
- » Water Utilities
- » Petrochemical
- » Chemical Processing
- » Pharmaceutical

24" Mast-Davit Arm with Floor Adapters System

Industries: Public Works, Infrastructure, Construction, Steel, Chemical Processing

Floor Adapter System

Vertical Entry

Lightweight

Portable

Easy Assembly

Extendable davit arm increases the reach of the system

System Components

- 1 Davit arm with 15"-24" reach **#IN-2210**
Weight 36 lbs

- 2 Mast for davit arm 3" diameter **#IN-2003**
Weight 23 lbs

- 3 Floor adapter 3" diameter **#IN-2005**
Weight 23 lbs

24" Mast-Davit Arm with Adjustable Wall Adapters

Industries: Water Utility, Infrastructure, Construction, Metal Refining, Trenchwork

Wall Adapter System

Vertical Entry

Portable

Easy Assembly

Options available up to 45" width

System Components

- 1 Davit arm with 24" reach **#IN-2210**
Weight 36 lbs

- 2 Mast for davit arm 3" diameter **#IN-2003**
Weight 23 lbs

- 3 Adjustable wall adapter 3" diameter for
walls 6" to 15.75" **#IN-2008**
Weight 69 lbs

Davit Arm and Manhole Guard with Integrated Mast

Industries: Public Works, Utilities, Construction, Maritime/Shipbuilding

System Components

- 1 Davit arm with 24" reach **#IN-2210**
Weight 36 lbs

- 2 Manhole guard with integrated mast
42" height **#IN-2108**
Weight 33 lbs

- 3 Stabilizer for manhole guard **#A2108-18**
Weight 4 lbs

Davit Arm with Mobile "H" Base

Industries: Oil & Gas, Public Works, Petrochemical

Vertical Entry

Portable

Provides a wide base for stable platform

System Components

- 1 Davit arm with 24" reach **#IN-2210**
Weight 36 lbs

- 2 Mast for davit arm 3" diameter **#IN-2003**
Weight 23 lbs

- 3 Mobile H base 58" width **#IN-2118**
Weight 95 lbs

24" Mast-Davit Arm with Hitch Mount Stabilizer

Industries: Public Works, Food Processing, Petrochemical, Oil & Gas

Vertical Entry

Portable

Easy Assembly

Expandable

System Components

- 1 Davit arm with 24" reach **#IN-2210**
Weight 36 lbs
- 2 Mast for davit arm 3" diameter **#IN-2003**
Weight 23 lbs
- 3 Hitch Mount with stabilizer 24" width,
3" diameter **#IN-2126**
Weight 38 lbs
- 4 Anchor bolt adapter, 3" diameter **#A2126-21**
Weight 35 lbs

30"-48" Mast-Davit Arm with Adapters

Industries: Metal Refining, Food Processing, Energy Production

Vertical Entry

Portable

Easy Assembly

Three different lengths for multiple applications

System Components

- 1 Extendable davit arm with 30"-48" reach **#IN-2237**
Weight 50 lbs

- 2 Mast for davit arm 4" diameter **#IN-2240**
Weight 23 lbs

- 3 Center mount floor adapter, 4" diameter **#IN-2254**
Weight 44 lbs

Counterweight System

Industries: Water Treatment, Water Utilities

Vertical Entry

Portable

Easy Assembly

Expandable

Cost efficient solution for large water treatment facilities

System Components

- 1 Extendable davit arm with 30"-48" reach **#IN-2237**
Weight 50 lbs
- 2 Mast for davit arm 4" diameter **#IN-2240**
Weight 23 lbs
- 3 Universal T-base 4" diameter **#IN-2305**
Weight 73 lbs
- 4 Extension tubes for counterweight base 96" length **#A2305-40**
Weight 97 lbs
- 5 Counterweight Trolley **#IN-2525**
Weight 497 lbs
- 6 Weights **#P2525-017** Quantity of 40 needed
Weight 50 lbs ea

60"-96" Mast-Davit Arm with Adapters

Industries: Water Treatment, Steel Erection, Maritime/Shipbuilding

Vertical Entry

Portable

Easy Assembly

Expandable

Longest davit arm on the confined space market

System Components

- 1 Davit arm 60"-96" reach **#IN-2197**
Weight 136.7 lbs

- 2 Mast for davit arm 5" diameter **#IN-2199**
Weight 32.9 lbs

- 3 Round center mount floor adapter,
5" diameter **#IN-2546**
Weight 64 lbs

Pole Hoist System

Industries: Chemical, Food Processing, Pharmaceutical

Horizontal/Vertical

Portable

Easy Assembly

Expandable

Only pole hoist system certified for horizontal and vertical retrieval

System Components

- 1 Flange adapter for lateral entry **#IN-2242**
Weight 33 lbs

- 2 Pole hoist 55"-72" **#IN-2337**
Weight 22 lbs

- 3 36"-48" Adjustable height T-bar leg for pole hoist **#IN-2127**
Weight 8 lbs

XLT System

Industries: Heavy Vehicle Maintenance, Rail Yards, Industrial Manufacturing

Portable

Work at Height

Easy Assembly

*25' height with
9' reach*

Built-in rescue and retrieval system

System Components

- 1 Xtirpa XLT Mast-Davit Arm 15'-25'
(1' increments) **#IN-5054**
Weight 630 lbs

- 2 Base for Adjustable Davit Arm **#A5039-12**
Weight 538 lbs

- 3 Floor adapter **#IN-5040**
Weight 130 lbs

- 4 Weight transportation **#A5039-46**
Weight 90 lbs

- 5 Kit of 8 molds for XLT with concrete
poured **#A5039-58**
Weight 7080 lbs

- 6 XLT Wheeled Accessory **#A5039-72**
Weight 800 lbs

What About Brackets and Devices?

When you need them, we have what you need.

Safewaze Brackets & Devices

Safewaze confined space devices fit seamlessly on Xtirpa systems. Simply order a Safewaze device already equipped with the correct bracket to fit Xtirpa equipment – or order the bracket update kit that you need to retrofit your device easily in the field. *New brackets continue to fit our existing Universal Tripod Bracket.*
